WALL TILE

VERTEX
WHITE BODY CERAMIC WALL TILE

VERTEX

Vertex is a dynamic collection of three-dimensional wall tiles available in two colors: black and white. These 6" x 6" tiles are available in the patterns Line and Curve, two three-dimensional tiles with a variety of installation possibilities to suit different aesthetic preferences. With a contemporary glossy finish that brings to mind clean surfaces, Vertex is a collection for those interested in going out on a limb and making decisions that are bold, trendy, and modern.

As the design world has challenged the notion that wall tile must be flat, the Vertex collection moves into the three-dimensional space in an inventive way. Its ability to shift and change its final impact depending on how its pieces are arranged makes this collection a truly unique offering in the wall tile category.
